

## They Stand Alone.

Standing out in bold relief, all alone, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, run-down, pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, all catarrhal affections whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchia, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impure blood, as scrofulous and skin affections.

Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places these medicines in a class all by themselves, and is the best guaranty of their merits. They cannot be classed as patent nor secret medicines for they are neither—being of known composition.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases.

A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extracts of the roots of native American forest plants. These are best and safest for the cure of most lingering, chronic diseases. Dr. R. V. Pierce can be consulted FREE, by addressing him at Buffalo, N. Y., and all communications are regarded as sacredly confidential.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

## ENCOUNTER IN HOUSE

AVERTED BY INTERCESSION OF FRIENDS OF TWO BELLIGERENT MEMBERS.

### THREATENED TO USE KNIFE

BARTLETT OF GEORGIA SAID HE WOULD CARVE SOUTHWICK OF NEW YORK.

Washington, June 30.—What promised to be a serious personal encounter between Representatives George N. Southwick of New York and Charles L. Bartlett of Georgia was prevented in the house by the intercession of friends. Mr. Bartlett, holding a knife, told Mr. Southwick the latter dare not say he "lied" or he (Bartlett) would cut him.

Mr. Southwick sought to pass a resolution increasing the pay of the tally clerks. Mr. Bartlett, a member of the committee on accounts, asked if the resolution had been passed upon by a committee of the house. The speaker informed him that it had not. Mr. Bartlett objected. Southwick pleaded with Bartlett to let the resolution go through, but the Georgian was determined that it should not pass. Backing away from Southwick he took a position on the Republican side. Then Southwick made a remark that there had been a good deal of lying in the committee on the resolution and made a movement toward Bartlett. Thinking, he says, that a personal assault was intended, Mr. Bartlett, who had a silver penknife in his hand, remarked that Southwick dare not say he had lied, or he would cut him. Friends interfered.

### ADOPTS CONFERENCE REPORTS.

Senate Agrees to House Provision on Meat Inspection.

Washington, June 30.—The senate devoted most of its time to consideration of conference reports, including the reports on the railroad rate bill, the pure food bill and the meat inspection provision of the agricultural bill. All were adopted.

The principal controversy was over the rate bill when Senators Bailey and Tillman had a heated colloquy, the more notable because of the warm friendship existing between the two senators. The controversy was on the subject of railroad lawyers and Mr. Bailey expressed strong disapproval of the South Carolina senator's views on that subject. There was also much discussion of the meat inspection provision. A number of senators expressed themselves willing only to accept the house provision because it was attached to an appropriation bill and a deadlock would cause the failure of the supply bill.

The senate agreed to the conference report on the agricultural appropriation bill, accepting the house provision providing for meat inspection.

The senate adopted the conference report on the general deficiency appropriation bill.

The conference report on the pure food bill was favorably acted on in the senate and house. This passes the bill.

### COST OF INSPECTION.

Will Be Paid by the United States Government.

Washington, June 30.—"We're going home, we're going home tomorrow" was in the mind of the members of the house when they assembled for the last real hard day's work previous to adjournment.

Conference reports were considered throughout the day. The final report on the agricultural appropriation bill containing the meat inspection provision was adopted, the senate eventually agreeing that the government should pay the cost of inspection. Other matters of vital moment was the agreement to the conference report on the pure food bill, the Ohio river and Lake Erie ship canal, and the naturalization bill.

The house adopted the conference report on the sundry civil bill, which passes the measure.

The house at 12:20 a. m. took a recess until 10:55 a. m.

### SIGNED BY THE PRESIDENT.

Important Measures Have Now Become Law.

Washington, June 30.—The president has signed the railroad rate bill. He also signed the naturalization bill and the bill for the construction of a lock canal across the Isthmus of Panama. The president also approved the bill for the control and regulation of the waters of Niagara river and for the preservation of Niagara Falls, and

the act granting a pension to General Edward S. Bragg.

As the rate bill passed it became effective from the time it was approved.

Three Prostrations at Milwaukee. Milwaukee, June 30.—Three persons were overcome by the intense heat here, but none is in a serious condition. The temperature in the streets stood at 90 degrees. A heavy downpour of rain in the afternoon cooled the atmosphere.

### FATHER AND DAUGHTER SHOT.

Former Killed Almost Instantly and the Latter Seriously Wounded.

Hazleton, Pa., June 30.—A shooting affair in which a father was killed almost instantly and his daughter seriously wounded occurred at West Hazleton near here, late at night. The dead man is Rafaelo Marsicano, proprietor of a saloon. His daughter is the wife of Joseph Banzio. Her husband claims Marsicano came to his house and shot her. In a struggle for the possession of the weapon Marsicano was shot dead. Banzio says the shooting was due to the elopement of Marsicano's daughter with him three months ago.

When an undertaker prepared Marsicano's body for burial he found a revolver with three loaded chambers on the body. Dominick Rossella, an aged man, who was with Marsicano when he called at the Banzio home, declares that Banzio not only shot his father-in-law but also shot his wife. Mrs. Banzio is in such a serious condition that she cannot make a statement.

### NINE PERSONS KILLED.

Fatal Accidents Reported From Mesaba Range Points.

Duluth, June 30.—Three accidents resulting in a total of nine deaths are reported from Mesaba range points.

Six men were killed by a dynamite explosion in the Mohawk mine. Nobody seems to be able to explain just how it happened. The dead are: Oscar Carlson, Abraham Zara, Isaac Mattson, Helmer Erickson, J. Alvis, and one unidentified man. The mine officials say that the accident must have been the result of the victims' own carelessness.

Ralph Carl and Joseph Fabrich were killed in an explosion of dynamite at the Holland mine.

John Shogren was killed in Andrew Hamilton's hardware store at Virginia by an electric current.

## MRS. TANNER KILLED

WIFE OF THE GRAND ARMY COMMANDER MEETS DEATH IN AN AUTO ACCIDENT.

Helena, Mont., June 30.—Mrs. James Tanner, wife of the commander-in-chief of the Grand Army of the Republic, died here as the result of an automobile accident. Mr. and Mrs. Tanner arrived here Friday morning, the former being on a visit of inspection to the Montana department of the Grand Army. In the afternoon Mr. and Mrs. Tanner, Mrs. J. K. Toole, wife of the governor, and General Lester Wilson of Bozeman made up an automobile party to visit points in the vicinity of the city. On the way to Fort Harrison, while going at a fairly swift rate along a narrow road, the chauffeur turned out to make room for a wagon. The road runs along an embankment and the road was so narrow that the automobile ran off the edge, turned over and threw the occupants out. Mrs. Tanner struck the ground first and Mrs. Toole and General Wilson fell on her. Mrs. Tanner was unconscious and was taken immediately to a hospital, dying just as she reached there. The other members of the party were not seriously hurt.

### BOMB FOR RUSSIAN OFFICIAL.

Colonel Muradoff and Two Other Persons Injured.

Warsaw, June 30.—A bomb was thrown at the chief of the railroad gendarmes, Colonel Muradoff, while he was driving through the streets in a cab. The cabman and a gendarme who accompanied Colonel Muradoff were severely injured, the colonel was slightly injured, and the horse attached to the cab was killed. The man who threw the bomb escaped.

### TORNADO IN MICHIGAN.

Store Destroyed and Much Standing Timber Felled.

Calumet, Mich., June 30.—A destructive tornado swept through Kenton, creating considerable damage. The Sparrow Kroll Lumber company's store was destroyed and two 100-foot smokestacks at the mill were blown over. A large quantity of standing timber in the adjacent woods was felled.

## PLEADS NOT GUILTY

HARRY THAW ARRAIGNED ON CHARGE OF HAVING KILLED STANFORD WHITE.

### STARTLING IN THEIR NATURE

DISCLOSURES REGARDING THE SO-CALLED UNDER-WORLD OF NEW YORK CITY.

New York, June 30.—"Not guilty," was the plea personally made by Harry K. Thaw who arraigned before Justice Cowley in the supreme court on the charge of having murdered Stanford White. So prompt was the prisoner's response to the usual question by the court clerk that his counsel, who expected to reply for him, were for a moment startled. Then they immediately interposed an amendment of the plea, asking the permission of the court to withdraw it at any time up to next Tuesday. This permission was granted, and the prisoner was led away from the bar and taken back to his cell in the Tombs. These proceedings lasted by a few moments, during which the prisoner appeared to be cool and collected. While waiting his turn for arraignment, several prisoners preceding him at the bar, he stood in a window recess chatting with the officer in charge. After Thaw had been remanded to the Tombs, Assistant District Attorney Nott in response to the question, "what is there in this case?" said:

"It is simply a question of whether New York has gone down to the level of a mining camp or whether a man has got a chance for his life."

### Line of Defense Doubtful.

The action of Thaw's counsel in requesting leave to amend the plea of not guilty has been taken as a possible indication that the final line of defense has not been fully determined on, although it is still considered probable that a plea of temporary emotional insanity will be offered.

That every effort will be made to secure the admission of evidence bearing on the past life of Stanford White and upon his alleged pursuit of Mrs. Thaw after her marriage, is certain.

While the defense is willing and apparently anxious that the trial should begin at the earliest possible moment, there is hardly any possibility that it can take place before October.

One of the most interesting developments in the case was the statement published in an afternoon paper that White instead of being, as was supposed, a man of great wealth, in fact owned \$300,000 to one young member of a prominent family, as much more to other persons, and had so greatly overdrawn his personal account with the firm of architects of which he was a member that he was notified he could draw no more and must be content with a certain fixed weekly allowance.

Mrs. Thaw held a long conference with her husband's attorneys Friday, during which she is said to have related at length her whole life history, especially that portion pertaining to her acquaintance with White prior to her marriage.

As a result of this conference it was decided that Former Governor Frank S. Black will take a leading part in the defense.

### Startling Disclosures Expected.

The investigation by Thaw's counsel into the career of Stanford White and the John Doe proceedings instituted by the district attorney's office and designed to probe every possible avenue that may throw any light on the motive of the tragedy, promise to result in some startling disclosures of the so-called Bohemian under-world of the metropolis. Scores of detectives are now delving in this underworld on behalf of prosecution and defense, and fresh discoveries bearing more or less directly on the tragedy are of almost hourly occurrence.

Among the many witnesses examined at the district attorney's office Friday were Thomas McCaleb, a Californian, who was with the Thaws at dinner in the Cafe Martin on the evening of the tragedy, and Truxtun Beale, who was with Mr. White and his party in the restaurant at the same time.

Assistant District Attorney Garvan stated at the conclusion of McCaleb's examination that McCaleb had accompanied Mrs. Thaw from the garden after the shooting and had escorted her to the house of one of her friends. He also said that McCaleb had made a very complete statement of everything he had observed during the dinner and afterward on the roof of the garden when White was shot.

sel for Thaw whose testimony will, they say, be of the utmost importance to the defense. This man, whose name is withheld, is said to be an old friend of Thaw and will testify that he talked on Monday night on the garden roof with Thaw, who appeared to be quite normal in his demeanor and entirely at his ease. Suddenly, according to this informant, Thaw turned pale, his eyes glared and turning suddenly away he walked toward where White was seated and the shooting followed almost immediately.

### WRECKS CIRCUS TENT

WIND STORM CAUSES DEATH OF TWO PERSONS AND INJURY OF MANY OTHERS.

Chicago, June 30.—Two persons were killed and several others were injured at Aurora, Ill., when a mammoth tent of the Ringling Brothers circus was blown down during a severe wind and thunder storm. A panic followed, in which scores narrowly escaped being trampled to death.

Eighteen elephants performing in the arena at the time were prevented by the prompt action of their keepers from stampeding. The dead are: Mathew Bury, Aurora, struck by a falling tent pole; William Cress, Geneva, Ill., died from heart disease due to shock.

Three women are among those severely injured. There were 5,000 spectators in the tent at the time of the accident. When the crash came the performing elephants had just begun their act. The first gust of wind gave but an instant's warning and the next moment the center pole supporting the canvas roof snapped near the top. The audience was composed largely of women and children. They were unable to lift the heavy canvas.

Egress was slow at the regular exits and it was in the crush at these points that many were injured. Rescue work by the police and fire department was under way within twenty minutes.

The storm, which approached the proportions of a cyclone, damaged many buildings in Aurora and vicinity.

Two Deaths From Heat.

Chicago, June 29.—Thursday was the hottest day of the year, the mercury reaching 91 in the weather office, while on the street it was four degrees higher. Two deaths attributable to the heat and several prostrations were reported.

Dies From Blow From Foul.

Marshalltown, Ia., June 27.—Catcher Whitney of the Burlington Iowa State league team, who was struck on the head by a foul ball Sunday at Waterloo, is dead of concussion of the brain. He never regained consciousness. His home was in Lynn, Mass.

### OPEN GOLF CHAMPIONSHIP.

Won by Alex Smith of Nausau at Lake Forest, Ill.

Lake Forest, Ill., June 30.—Alec Smith of Nausau won the open golf championship of the United States with a total of 295 strokes for the 72 holes play. With an advantage of three strokes over Willie Anderson, his nearest competitor, on Thursday's 36-hole play, Smith played his morning round in 73 and the afternoon round, part of which was played in a deluge of rain, in 75. Nothing could better show the versatility of the Scot or his ability quickly to adapt his play to changed conditions on a golf course than the weather and course conditions. During the morning the greens were lightning fast, with a strong south wind prevailing. Before the play at the first hole had been completed in the afternoon the storm burst and the round was played under conditions that tried the skill of the players to the utmost.

Smith now holds the Western and national open championships.

Willie Smith, Mexican champion, took second honors and James Maiden of Toledo and Lawrence Auchterlonie of Glenview tied for third honors with 305 each. Willie Anderson, present title holder and four times a winner of the national open championship, finished fifth.

### Dies of Heat Prostration.

South Bend, Ind., June 30.—With the temperature at 99 degrees, E. T. Smith died of heat prostration and several other persons were overcome by heat.

FRANK LARRABEE, the well known Minneapolis attorney, has filed for the democratic nomination for congress.

MANKATO authorities are locking up the young mashers who stand around on the street corners and accost young ladies.

THE Sauk Centre Herald says: "The democratic presses are making much of the fact that A. L. Cole supported Bryan and Towne in 1896. What if he did? Theodore Roosevelt enthusiastically supported Grover Cleveland for the presidency in 1888 against the most brilliant and brainy republican of this century, James G. Blaine."

THE Wabasha Herald thinks the people who voted for Johnson two years ago will do so again because the present governor has been found to be one of nature's gentlemen. The republicans who made it possible for a democrat to be elected will have to have some stronger argument produced than has yet been advanced in order to induce them to repeat the experiment.

THE loss of life by the San Francisco earthquake, found to be 2,000 is not as bad as in many disasters of the kind recorded. In the Lisbon earthquake of 1755 there were over 60,000 people who lost their lives and 1783 the Calabria disaster was fatal to 32,000. At Martinique 40,000 people perished and in 1896 a tidal wave produced by an earthquake killed 27,000 people on the coast of Japan.

They must not, however, be wilfully detained or their passage obstructed while on the service of their routes.

## BANQUET TO NEXT GOVERNOR

Citizens of Walker Plan Rousing  
Blowout to Greet Hon. A. L.  
Cole on His Return

## BANQUET FOR ONE HUNDRED R. R. Wise, of Brainerd, Has Been Chosen Toastmaster For the Occasion

The residents of Walker propose to give Hon. A. L. Cole a rousing reception on his return from the cities where he has been since his nomination for governor by the republican party. Irrespective of party lines Walker people naturally take pride in the fact of a citizen of their county being chosen to head the winning ticket in the political fight in Minnesota this year. They propose to show it in no uncertain manner. Mr. Cole is expected home tomorrow or Monday and a rousing reception is being arranged. Unfortunately the only available banquet hall seats only 100 people so they are limited to that number for the banquet. R. R. Wise, of this city, who has been an enthusiastic Cole supporter from the first, has been secured as toastmaster and several other prominent republicans from Brainerd will probably be in attendance.

An Alarming Situation  
frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of stomach and bowels. Guaranteed by H. P. Dunn & Co., druggists, Brainerd, Minn. Price 25c.

## MUSIC AND DRAMA.

"A Message from Mars" is perhaps best known as a fantastic comedy. It was written by an American, had its first production in London where it was played continuously for three years. Later it was brought to America and it ran for two consecutive years in New York City. David Proctor will be seen as the star in this famous play at the Brainerd opera house Monday, July 9, and will have associated with him in its presentation many of the same players who were in London and New York companies.

## NO BALL GAME TOMORROW

A. A. White Telephones from St. Paul  
That the Athletic Grounds Can-  
not be Used.

A. A. White, of St. Paul, who owns the base ball park called the Dispatch up over the long distance telephone this morning and requested this paper to announce that there will be no ball game at Athletic park tomorrow. Mr. White gives as his reason that the recent rains and winds have undermined the grand stand so that it is unsafe.

Cheap Rates to Milwaukee, Wis., and  
Return.

The Northern Pacific will have the rate of one regular first class fare plus \$2.00 for the round trip to attend the grand Aerie, festival order of Eagles at Milwaukee, Wis., August 14-18-1906.

Dates of sale for trains arriving in St. Paul August 11, 12 and 13, 1906. Return limit of tickets to be good for return leaving Milwaukee up to and including August 22, 1906. Half of these rates for children at half fare age. A fee of twenty-five (25) cents will be charged for the validating of each ticket at starting point of returning. 17tf

## BUYING STOLEN GOODS

Chas. H. Heath in Municipal Court on  
Charge Brought by Northern  
Pacific Office

Chas. H. Heath, a junk dealer of this city, was up in municipal court this morning charged with buying stolen property. The action was brought by F. R. Shong, a special representative of the Northern Pacific railroad company. The specific charges are buying brass stolen from the Northern Pacific shops in this city. Mr. Shong states that there has been a good deal of this done here in the past and he proposes to stop it. If the purchase and shipment can be stopped it will take the temptation to steal away from the boys around town. Case continued until July 9.

## Ringling Bros.' Excursions

Special excursion rates on all lines of travel have been arranged for by the management of Ringling Brothers' Greatest Shows, and those who wish to go to Wadena, July 11, afternoon only, can do so at a very little expense. This will be the only point in this vicinity where the show will exhibit this season, and no one should miss the opportunity to witness it. Ringling Brothers' circus has been the leading arena exhibition of America for years, but the show has never been permitted to rest upon its reputation. Although it long ago passed the point of competition, every season sees a greater and grander show. This year's performance is entirely new, and entails the combined efforts of 375 wonderful artists in the equestrian, gymnastic, equilibristic, acrobatic and aerial line, together with fifty famous clowns and hundreds of lesser lights. Six hundred and fifty horses are used and a marvelous trained animal department is presented. The circus this season is greatly enlarged by the spectacular production of The Field of the Cloth of Gold, a pantomimic presentation of the well known and beautiful historical meeting between the young Kings of England and France. The vast menagerie has among hundreds of features the only living pair of giraffes, the first baby elephant successfully bred and reared in America, and the only rhinoceros in captivity. There is a gorgeous revival of the Roman hippodrome races, and many other stupendous features in this great circus. Circus day opens with a brilliant street parade, three miles in length. Don't fail to see it.

## N. P. Cutoff at Valley City

The contemplated cutoff is over the Sheyenne valley and is one of the greatest engineering feats ever attempted east of the Rocky mountains. It will be eight miles in length and will extend eight miles from Alta, east of Valley City, to Berea, west of the city.

At present two "pushers" are employed to run heavy trains out of the valley. The grades, both east and west, out of the city are steep. In fact, they are said to be among the worst gradients in the United States. This eight miles of track will run north of the city limits and will do away with these grades.

The entire eight miles will either be cuts, grades or trestles. There will be cuts of sixty feet in depth, while the trestle will be carried 185 feet above the level of the Sheyenne river. The trestle will average 140 feet in height and will be nearly 4,000 feet long. The engineers expect that it will take two years to complete the work and that it will cost from \$1,500,000 to \$2,000,000. It will be used for heavy freights, but the passenger service will run over the old track thru the city.—Minneapolis Journal.

## An Important Decision.

A decision of far reaching importance

to the municipalities of the state was filed by the supreme court today.

It upholds the right of the state to compel the installation of safety devices at railroad street crossings, and these may include bridges, if the safety of the public demands it. The railroads must stand the cost.

Whether the street in question was laid out prior to or after the railroad right of way was secured makes no material difference. The power of the city to demand safety devices is absolute and cannot be abrogated by any council contract.

In reaching this decision the supreme court orders a reversal of the Hennepin county district court which held otherwise, and allows the city of Minneapolis which was the plaintiff in the case, a new trial.

The Great Northern Railway company is the defendant.—St. Paul Dispatch.

## Following The Flag.

## RYAN'S FISH STORY

Brainerd Attorney tells One that Puts  
all the Other Fishermen out of  
Business.

D. M. Clark and Attorney Ryan returned yesterday from Pelican lake with a fine catch of fish and a good assortment of stories. Mr. Ryan tells a story that has the championship belt to far.

He and Mr. Clark were out casting for bass when he made a cast and his pole slipped out of his hand and flew out into the lake. That night he and Mr. Markee went out with a boat and a light to try and locate the pole. Mr. Markee was in front with a spear and Mr. Ryan was rowing. Suddenly Mr. Markee threw the spear and pulling it in again, remarked, "There is your line." He had speared a good sized fish and when he pulled it in it was found that the fish had swallowed the frog and hook on Ryan's line and was towing the pole around the lake. Mr. Ryan has the pole in evidence, marked "Exhibit A."

## ROASTED BY THE CZAR

PREOBRAJENSKY REGIMENT IS  
SCORED BY THE EMPEROR  
FOR DISLOYALTY.

MAY DISSOLVE PARLIAMENT

REACTIONISTS WANT CZAR TO  
DO SO WHILE ARMED FORCE  
IS STILL AVAILABLE.

St. Petersburg, June 30.—Emperor Nicholas, according to reliable information, summoned the Preobrazhensky regiment before the imperial palace at Peterhof Friday and in a sarcastic address expressed his regret at the evidence of their disloyalty in declaring sympathy with the radical programme of parliament. The emperor concluded by saying that he never would wear the uniform of the regiment.

St. Petersburg, June 30.—Under the influence of the recent developments touching the loyalty of the army and the conviction that the present policy of inactivity has reached its ultimate limit, the reactionary faction in the ministry has revealed the plan for the dissolution of parliament and stamping out of revolutionary activity in the country by armed force while such force is still available.

This solution has been repeatedly presented to Emperor Nicholas since the development of dissatisfaction among the best regiments of the guard and the disorders at Krasnoye Selo, but thus far without result. Each day's delay favors the acceptance of the dismissal of the Goremeykin cabinet and the naming of a responsible ministry. The ministerial representatives base their hopes on the supposition that the great majority of the troops will hail actual conflict, as they did at Moscow in December last, forget their grievances and enter wholly and heartily into the combat. One of the advocates of repression said that it would be necessary to strike hard and immediately or otherwise within a fortnight the world would probably see the proclamation of republics at Kharkov, Saratov, Rostov and elsewhere. The whole south of Russia, the speaker said, is belching forth anarchy and murder, and parliament, as a hindrance to the work of pacification, must be dissolved at once.

#### NOMINATION CONFIRMED.

Franklin Lane Becomes Member of Interstate Commerce Commission.

Washington, June 30.—The senate in executive session confirmed the nomination of Franklin Lane of California to be a member of the interstate commerce commission to succeed Former Governor Joseph W. Fifer of Illinois. The president sent the nomination to the senate on Dec. 6 last, but the interstate commerce committee failed to take action. Opposition to reporting the nomination, it was publicly stated, was based upon the fact that if he were confirmed the Democratic members would dominate the commission, Mr. Lane being a Democrat. Senator Elkins made a favorable recommendation on the nomination Friday by polling the committee. Senator Foraker led the fight against confirmation, contending that Mr. Lane lacks conservatism and is a pronounced reformist in railroad matters. Senators Keane and Tillman were both opposed to confirmation. Senator Elkins urged confirmation and in this was joined by Senator Flint, who said he had opposed the nomination on account of Mr. Lane's politics but now that the commission is to be enlarged by the new rate bill he withdrew his objections. On the viva voce vote Mr. Lane was confirmed.

#### HOWARD ELLIOTT RESIGNS.

Rumored That President of Northern Pacific Has Quit.

St. Paul, June 30.—A report from New York City is that President Howard Elliott of the Northern Pacific has tendered his resignation, effective at once.

No confirmation of the rumor can be obtained. Mr. Elliott is in the East.

#### SEVERE STORM IN IOWA.

Several Buildings Struck by Lightning and Many People Shocked.

Burlington, Ia., June 30.—A heavy thunder storm, a deluge of rain and a high wind did considerable damage here. Several buildings were struck by lightning and a number of people were badly shocked. Many trees and outbuildings were blown down.

#### Very Hot in Philadelphia.

Philadelphia, June 30.—The temperature here was within 3 degrees of the June record, which was established June 20, 1903, when the thermometer reached 98. Numerous cases of prostration were reported.

#### Supposed Murder and Robbery.

Watertown, Wis., June 30.—The body of John Hanlon, a wealthy farmer of Richwood, was found almost nude in the river here. His wallet was empty. Relatives claim murder and robbery.

#### Killed by the Heat.

Clay Center, Kan., June 30.—Thomas J. Goodwin, who is believed to be a member of a prominent family of Washington, D. C., is dead here, having been overcome by heat and overexertion while working as a harvest hand in a wheat field near here.

#### How's This?
